

Additional Activities & Outdoor Games

Celestial Falls Agripark

Endless Play: The Main Hub Recreation Zone

While our trails offer high-octane adventure, the Main Hub at Celestial Falls Agripark serves as the center for community, relaxation, and friendly competition. We have curated a diverse collection of games and activities designed to bring guests together. From competitive sports courts to larger-than-life versions of classic board games, there is something for every energy level and age group.

Disc Golf Sanctuary

We are proud to offer a premier disc golf experience with three distinct courses tailored to different skill levels, winding through our scenic Kentucky landscape.

- **The Family Friendly Course (Easy):** A flat, open 9-hole course designed for beginners and families. It features shorter distances and clear lines of sight, making it perfect for teaching "Little Farmers" the basics of the sport.
- **The Ridge Runner Course (Intermediate):** This 18-hole course introduces moderate elevation changes and wooded fairways. It challenges players to shape their shots around natural obstacles while enjoying the beauty of the surrounding forest.
- **The Ironwood Challenge (Hard):** Our professional-grade course is strictly for the experienced player. Expect tight corridors, significant elevation drops, and long par-4s and par-5s that demand precision and power.

Active Sports Courts

For guests looking to break a sweat and engage in team sports, our dedicated courts are maintained daily for peak performance.

- **Sand Volleyball:** Dive into action on our regulation-size court. With soft, white sand and stadium-style lighting, it is the perfect spot for sunset matches or organized tournaments during our "Loop Wars."
- **Basketball:** Whether playing a game of H-O-R-S-E or running a full-court pickup game, our paved basketball court is a hub of activity for teenagers and adults alike.
- **Tetherball:** A playground classic that never goes out of style. Our dedicated tetherball poles provide fast-paced fun for kids and nostalgic enjoyment for parents.

Classic Lawn Games

Slow the pace down and enjoy a beverage with friends at our designated lawn game lanes.

- **Bocce Ball Courts:** We feature professional-grade crushed oyster shell courts, providing a smooth surface for this timeless Italian game of strategy and finesse.
- **Horseshoe Pits:** Hear the satisfying "clank" of iron on iron. Our regulation pits are set in a shaded grove, making them a comfortable spot for afternoon tournaments.
- **Cornhole Arena:** No Kentucky gathering is complete without cornhole. We have multiple sets of boards set up permanently, ensuring there is always a game ready to be played.

Giant Outdoor Strategy

We have taken your favorite tabletop games and supersized them for outdoor fun.

- **Giant Strategy Games:** Test your wits on our oversized game boards. We offer **Outdoor Chess** and **Outdoor Checkers** with knee-high pieces, allowing for a physically interactive mental challenge.
- **Giant Jenga:** Test your steady hand with our tower of wooden blocks that can reach over 5 feet tall. It is a crowd favorite that builds suspense with every pull.
- **Dice Games:** Roll for the win with **Outdoor Yahtzee** and **Outdoor Farkle**. Using giant wooden dice and lawn buckets, these games turn luck into a spectator sport.

The Grand Lawn

At the center of it all lies our expansive grassy area. Kept manicured and open, this multi-use space is a blank canvas for imagination. It serves as the venue for:

- Impromptu games of tag, frisbee, or kite flying.
- Morning yoga sessions or evening stargazing on blankets.
- Organized group activities during our "Junior Explorer" field days.

From the first toss to the final checkmate, the fun never stops at the Main Hub.
